

# *Powder Point Bridge*

Duxbury Clipper, Thursday, April 3, 1975

## ***Bridge Closed***

The selectmen announced today that Powder Point Bridge is now closed and will remain closed until further notice. Anyone using the bridge, does so at his own risk.

### **Study Group**

The selectmen will appoint a study group to assist them in a study of the bridge situation. If anyone has any suggestions concerning the bridge, the selectmen will be happy to hear from you, in writing.

The Town has had no money for the past 3 years, including the next fiscal year, to do any maintenance or repairs on the bridge, and there is no money now to do even any routine maintenance.

As soon as is convenient, the selectmen will meet with the beach operations committee and the beach trustees to discuss the access at Blakeman's parking lot while the bridge is closed.
